

Privacy Notice 08/25/2022:

All survey, construction, and as-built data provided for a specific company by SBD, company representatives, or integrators belongs to that company. SBD does not share such data without the express permission of the company. SBD does not sell such data. SBD limits the amount of user-specific data that it collects and will redact such user data upon request of the user or company, as necessary. If data that is required for MFA access to the system is redacted, that user will not be able to access the system.

At the request of a client company, SBD will transfer the data to the company and/or delete the data from Assist. If no alternative has been specified after a contract ends, SBD will maintain the data until such time as SBD deems it ready to be purged.

The structure of the site and the IP used in the creation of Assist documentation are the sole property of SBD.
